**Mother's Day Discussion:**

Gina still working with Robbie's Catering on pricing. Right now it is at about \$7.50/person. We will charge \$7 per ticket. Jen asked if the tickets would be less for kids. It was discussed that tickets were the same amount for everyone and should stay that way since the caterer would charge per plate regardless of age.

Our theme will be something to do with grapes vine/branches taken from “In My Father's Vineyard” (kinda think that is a good title) Becca or Jen – Please bring in the book so everyone can look at. Jen brought in her centerpiece that would have real grape bunches in it. It would also double as a take home gift and can be reused. Jen thought they may be as little as \$4 to make (Jen you may want to check with Rob who might be able to get it for us even cheaper).
